## Summary

I am a front-end developer with over 6 years of experience in building dynamic and responsive web applications (also mobile apps). My expertise lies in leveraging modern technologies to create seamless user experiences. I have a strong proficiency in React.js and Next.js, enabling me to build pixel perfect and scalable web applications with a consistent look and feel.

## Experience

**entOS** | Sep 2024 - Current

**Software developer ( Full time - Remote - Boston, Massachusetts )**

Working on a cutting-edge platform for the shipment and transportation sector, leveraging React for front-end development and Node.js for backend services. Our infrastructure is powered by AWS, utilizing tools like Lambda, AppSync, and Amplify, with Terraform for infrastructure as code. Focused on delivering seamless and scalable solutions to transform logistics operations.

**Hinto Group** | Jan 2023 - Aug 2024

**Front end developer ( Full time - Remote - Lombardy Italy )**

Developing and maintaining web applications using React.js, Next.js and React Native for mobile apps. Proficient in transforming wire frames and mock-ups into high-quality code, ensuring optimal performance and a responsive design.

**Arkevo Group** | Sep 2021 - Nov 2022

**Front end developer ( Full time - Tirana )**

- Worked on a CRM project dedicated as full time Front End React.js developer
- Was team lead for the front end part with skills in Ionic Framework, React.js, Jira, and Team Management
- Integrated third-party APIs to provide additional functionality and improve user experience
- Developed a custom theme for a CRM that improved the look and feel of the web app

**Playlogiq** | Jun 2019 - Sep 2021

**Front end developer ( Full time - Tirana )**

React JS and Preact Developer for Sportbook Web Applications, Casino, CasinoLive, Poker, admin dashboard and game platforms.

- Worked and build from scratch front end of many betting skins
- Integrated Backend REST and Socket data to front end UI
- Maintained and developed requested features

Skills: WebSocket, Tailwind CSS, Webpack, React.js, Docker, AWS

**Altech Solutions** | Jan 2018 - Jan 2019

**Front end developer ( Full time - Tirana )**

- Optimized web pages for better performance and faster loading times
- Implemented best practices for SEO to ensure website visibility in search engines
- Utilized AJAX and JSON technologies to build an asynchronous web application
- Developed a modern and responsive website that increased user engagement
